

# SITE FOREMAN MONUMENT SERIES

## WORKSTATIONS

The Site Foreman Monument series has all your workstation needs in a compact design featuring 7 compartments for storage. The monument series includes work lights, E-track strap system and composite decking for a lifetime of wear and tear. Also includes Pull out side steps for easy access to cargo, fold down gates, rear view cameras. The monument series has a powerful 37 foot set range in a compact unit and an impressive 3,790 lb maximum lifting capacity. A pull out vice station, air compressor and an overhead box with a 84"x24"x8" storage space.

- 50' Air hose
- 50' Pressure wash hose
- 50 Gallon water tank
- 50' Electrical line
- Wireless Remote

*"The trucks greatest value is that it allows me to complete so many tasks at 1 time with 1 truck in 1 trip. As we are delivering monuments, we are now able to pressure wash (clean Headstones), attach Gov't plaques and flag holder (electrical Inverter), while also doing repair work all in the same trip (with 1 guy)."*

*Pat Vogel - Ketterhagen Memorials*

# BACKUP CAMERA

The monument series truck has 3 cameras that allow for a 180 degree view of the rear and sides of the truck. This combined with the cab-over design, nimble maneuverability, and a narrow truck bed allow for even easier navigations through the toughest of spots.

# FOLD DOWN RACKING

Fold down racking allows for easy side loading and unloading. Built with only 1/4" gap at the bottom of the gate to keep your supplies secured while driving. Rear flush design is dock ready. Contact your Hiab representative to start utilizing your one man operation.

**COMPLETE MAINTENANCE & INSTALLATION UNIT**  
**+24 YEAR CRANE & BODY SERVICE LIFE**  
**ONE MAN OPERATION**
